## OCTAVO 2010 SHIRAZ

*Deep vibrant colour with ripe black fruits, spices and fine silky tannins.*

### Winemaking and Viticulture

The shiraz vines are spur pruned, the canopy is a lazy VSP system giving protection from the westerly winds and extreme summer sun. Grapes are harvested in the cool of the night to ensure fruit is delivered at temperatures less than 20 degrees. Fermentation on skins in open fermenters with subsequent maturation in predominately French oak barrels prior to bottling.

All the fruit is sourced solely from Shaw Vineyard Estate's Murrumbateman vineyard, an area renowned for production of premium cool climate wines.
